Objective

Motivated Computer Science graduate with a strong foundation in software development, algorithms, and data structures. Passionate about problem-solving, coding, and developing innovative software solutions. Seeking an entry-level software engineering role to apply my technical skills and contribute to impactful projects.

Education

Bachelor of Science in Computer Science
Pandit Deendayal Energy University, Gandhinagar, Gujarat
Graduation: May 2027
Relevant Coursework: Data Structures & Algorithms, Operating Systems, Database Management, Artificial Intelligence, Computer Networks

---

Technical Skills

- **Programming Languages:** Python, Java, C++, JavaScript

- **Web Technologies:** HTML, CSS, React, Node.js

- **Databases:** MySQL, PostgreSQL, MongoDB

- **Tools & Platforms:** Git, Docker, AWS, Linux, VS Code

- **Other Skills:** Object-Oriented Programming, Agile Methodologies, RESTful APIs, Machine Learning Basics

---

Projects

Catering Service Booking Platform

- Developed a web-based platform that connects customers with catering companies for event bookings.

- Implemented order management, caterer availability tracking, and real-time communication features.

- **Technologies Used:** React, Node.js, MongoDB, AWS

Personal Finance Management App

- Designed an application to help underbanked individuals track expenses, manage budgets, and access financial literacy resources.

- Implemented secure authentication and data visualization features.

- **Technologies Used:** Python (Django), PostgreSQL, React Native

AI Chatbot for Customer Support

- Built an AI-powered chatbot for a small business to handle customer queries and automate support requests.

- Integrated NLP techniques for improved response accuracy.

- **Technologies Used:** Python, TensorFlow, Flask

Work Experience

Software Development Intern
Apple Tech Solutions, New York, USA | June 2026 - August 2026

- Assisted in developing a cloud-based SaaS application to enhance business workflow automation.
- Optimized SQL queries, improving database performance by 20
- Conducted unit testing and collaborated with a cross-functional team using Agile methodologies.

Certifications & Achievements

- AWS Certified Cloud Practitioner
- Google Data Analytics Certificate
- Hackathon Winner - Nirma University Coding Challenge (2024)

Extracurricular Activities

- Member of the University Coding Club (organized hackathons and workshops)
- Open-source contributor on GitHub (projects related to web development and AI)
- Volunteer Tech Mentor for underprivileged students learning to code

Soft Skills

- Problem-Solving
- Team Collaboration
- Effective Communication
- Time Management
- Adaptability
